Annual Report

OF THE

DEPARTMENT OF MINES AND MINERALS

COMMONWEALTH OF KENTUCKY

For the Year Ending
December 31, 1984

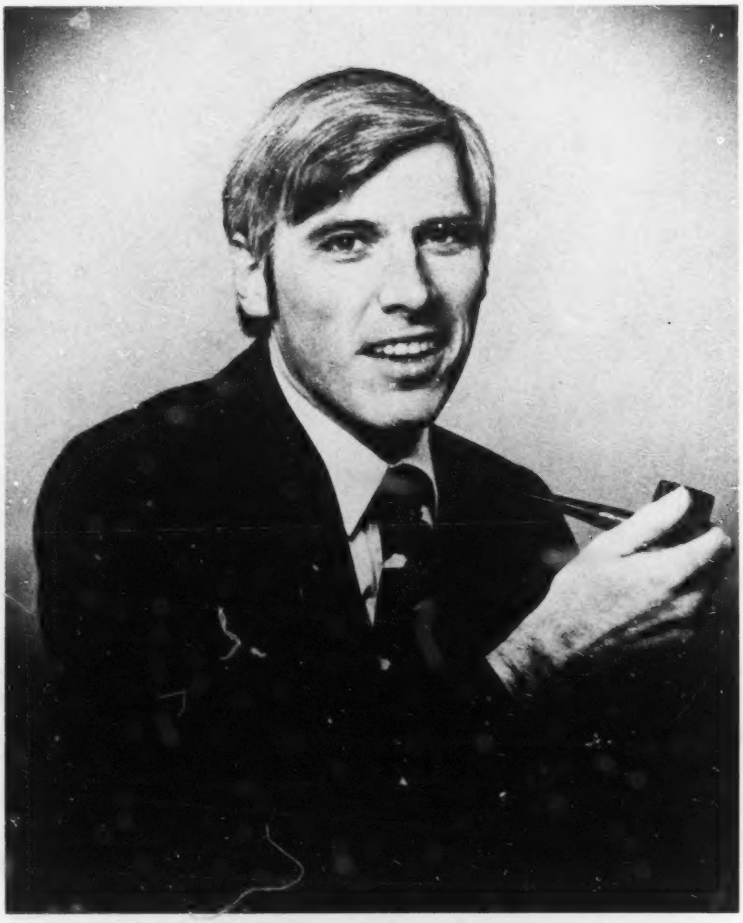
BY
WILLARD STANLEY
Commissioner, Department of Mines and Minerals

MINERAL INDUSTRIES BUILDING
UNIVERSITY OF KENTUCKY CAMPUS
120 GRAHAM AVENUE
P.O. BOX 680
LEXINGTON, KENTUCKY 40586

MARTHA LAYNE COLLINS, GOVERNOR

WILLARD STANLEY, COMMISSIONER

MARGARET CAYWOOD,
PRINCIPAL ASSISTANT TO THE
COMMISSIONER



JON WERTZLER
DIRECTOR, ADMINISTRATIVE
SERVICES

LETTER OF TRANSMITTAL

The Honorable Martha Layne Collins
Governor of Kentucky
Frankfort, Kentucky

Madam:

I have the honor to submit for your approval the report of the Department of Mines and Minerals for the year ending December 31, 1984, this being the one hundred and fifth report of this Department.

Very Respectfully yours,
Willard Stanley, Commissioner
Department of Mines and Minerals

Lexington, Kentucky

This copy has been prepared by the Department of Mines and Minerals and paid for from state funds.

KENTUCKY DEPARTMENT OF MINES AND MINERALS PERSONNEL—1984

INTRODUCTION

Kentucky coal production was 170,678,291 tons in 1984. The 1984 production of 170,678,291 tons was 39,082,775 tons more than the previous year of 131,595,516 tons. Kentucky remained the nation's largest coal producing state by out-distancing the nearest rival by 39,637,725 tons. In 1984 over eighty-one million tons of coal were mined by surface operations while over eighty-nine million tons were mined underground.

The coal industry furnished direct employment for 49,179 miners.

Thirty-four miners were killed in Kentucky coal mine accidents in 1984.

The clay mining industry mined 315,167 tons in 1984. No fatal accidents occurred at clay mines during the year.

The following chart compares production of the various types of coal mines for the past two years:

	PRODUCTION IN TONS			
TYPE MINE	1984	1983	PER CENT CHANGE	
Rail-Auger Strip	3,869,196	1,795,400	+	115.5
Rail-Auger	–	–	–	–
Rail-Strip	8,744,822	8,912,948	+	1.9
Rail-Auger	30,127,740	21,032,424	+	43.2
RAIL TOTALS	42,741,758	31,740,772	+	34.7
Truck-Auger Strip	30,451,344	24,061,634	+	26.6
Truck-Auger	737,749	570,102	+	29.4
Truck-Strip	37,418,283	29,543,257	+	26.7
Truck-Underground	59,329,157	45,679,751	+	29.9
TRUCK TOTALS	127,936,533	99,854,744	+	28.1
ALL MINES	170,678,291	131,595,516	+	29.7

*TRUCK AND WATER TONNAGE HAS BEEN COMBINED IN THIS CHART

HEADS OF DEPARTMENT

1884-1893	C. J. Norwood	Inspector of Mines
*1893-1896	C. J. Norwood	Chief Inspector of Mines
1897-1901	G. W. Stone	Chief Inspector of Mines
1902-1919	C. J. Norwood	Chief Inspector of Mines
1920-1923	Lawson Blenkinsopp	Chief Inspector of Mines
1924-1927	W. H. Jones	Chief Inspector of Mines
**1928-1934	John F. Daniels	Chief, Department of Mines and Minerals
***1934-1939	John F. Daniels	Chief, Department of Mines and Minerals
1940-1944	G. M. Patterson	Chief, Department of Mines and Minerals
1945-1947	Harry Thomas	Chief, Department of Mines and Minerals
1948-1955	A. D. Sisk	Chief, Department of Mines and Minerals
1956-1959	James H. Phalan	Chief, Department of Mines and Minerals
****1960-1968	A. H. Mandt	Commissioner, Department of Mines and Minerals
1968-1979	Harreld N. Kirkpatrick	Commissioner, Department of Mines and Minerals
1979-	Willard Stanley	Commissioner, Department of Mines and Minerals

The Kentucky Department of Mines was established in 1884 and offices were located in the State House Building at Frankfort, Kentucky. In May 1898 the Office of the Department of Mines was moved to the University of Kentucky campus at Lexington where it has remained to date.

The Oil and Gas Division of the Department was established by Law July 15, 1960.

The Explosives and Blasting Division of the Department was established by Law June 16, 1972.

The Miner Training, Education and Certification Division was established by Law December 22, 1976.

The Mine Safety Analysis Division was established by Law December 22, 1976.

*When the Department was established in 1884 the head of the Department was entitled Inspector of Mines. On June 10, 1893, the title was changed to Chief Inspector of Mines.

**In 1928 the title was changed to Chief, Department of Mines.

***On July 1, 1934 the Department became known as the Department of Mines and Minerals.

****In 1960 the title was changed from Chief to Commissioner.

MINES AND MINERALS LEXINGTON
OFFICE PERSONNEL—1984

DIRECTORY AND STATISTICS OF DEPARTMENT OF MINES AND MINERALS INSPECTION DISTRICTS

To facilitate the mine inspection duties of the Department, the coal fields have been divided into six inspection districts. A mine rescue station which serves as the district office is centrally located in each district. The Eastern Kentucky coal field is divided into five districts, with mine rescue stations located at Harlan, Hazard, London, Martin and Pikeville. An office at Madisonville serves the Western Kentucky coal field.

The operations for the district offices is directed from the office of the Commissioner located in Lexington. General staff and Lexington office personnel are as follows:

Willard Stanley, Commissioner
Margaret Caywood, Principal Assistant
Curtis Miller, Chief Examiner
Faith Miller Cole, Executive Staff Advisor
Nancy Toombs, Executive Secretary
Linda Harmon, Executive Secretary[1]
Jon Wertzler, Director of Administrative Services
Eugene D. Attkisson, Principal Attorney
Sallie Hubbard, Legal Secretary
Randy Donahue, Personnel Administrator
Barbara Gabbard, Principal Accountant[2]
Connie Wolfe, Sr. Accountant
Joey Lucas, Administrative Assistant
Susan Burke, Sr. Accountant
Karen Shillito, Fiscal Clerk[3]
Alton Peterson, Accountant Co-op Student[4]
Janet Lohr, Accountant Co-op Student[5]
Eula Witt, Office Supervisor
Tammy Richard, Chief Clerk
Julane Marcum, Principal Clerk[6]
Cathy Haynes, Clerk (part-time)
Georgia Staab, Chief Clerk
Delbert Robison, Printing Equipment Operator
Larry Koster, Principal Clerk (part-time)
John Knafl, Principal Clerk (part-time)[7]
David Saldivar, Messenger[8]

The Directory and Statistics of Coal Mines contained in the following pages is separated by Inspection Districts and by Counties.

Code letters to classify mines are as follows:

URC	Underground Rail Coal
URWC	Underground Rail Water Coal
UTC	Underground Truck Coal
UWC	Underground Water Coal
ARC	Auger Rail Coal
ASRC	Auger Strip Rail Coal
ASTC	Auger Strip Truck Coal
ATC	Auger Truck Coal
SRC	Strip Rail Coal
STC	Strip Truck Coal
SWC	Strip Water Coal
SRCL	Strip Rail Clay
STCL	Strip Truck Clay
GSTC	Gob Strip Truck Coal

Notations made are as follows:

A	Abandoned
CC	Change of Company Name only
CO	Change of Operator and Company Name or Operator Name only
*	Estimated Tonnage

Production, employment and accident figures for River mines have been included in the totals for Truck mines for the purpose of compiling statistical charts.

Many of the coal production figures of individual mines which appear herein have been estimated by the Department. This was necessary because the reports of the operators of those mines, particularly mines which became abandoned during 1984, were delinquent at the time of publication.

MINES AND MINERALS HARLAN DISTRICT
PERSONNEL—1984

HARLAN DISTRICT

The office and mine rescue station of the Harlan District is located in the old Margie Grand Theater Building, corner of Central and Second Streets, Harlan, Kentucky. The Harlan District is comprised of Bell and Harlan Counties.

There were 395 commercial coal mines in the Harlan District during 1984. One thousand four hundred and eighty inspections were conducted. Records show that 21 mines were abandoned in the district during the year 1984.

Personnel of the Harlan District:
Dewey Middleton, District Supervisor
Charles Sargent, Mine Inspector
James Gilbert, Mine Inspector
James Cope, Mine Inspector[1]
David Disney, Mine Inspector
Tom Howard, Mine Inspector
James Whitt, Mine Inspector
Roy Rhymer, Mine Inspector
Dale Halcomb, Mine Inspector
Margaret Howard, Office Supervisor
Julie Slusher Middleton, Secretary, Pr.
Patricia Long Middleton, Secretary, Pr.
Linda Mullins, Janitress

MINES AND MINERALS HAZARD DISTRICT
PERSONNEL—1984

HAZARD DISTRICT

The office and mine rescue station of the Hazard District is located at 383-385 Main Street, Hazard, Kentucky. The Hazard District is comprised of Estill, Jackson, Lee, Letcher, Madison, Owsley, Perry, Powell, Wolfe and parts of Breathitt, Knott and Leslie Counties.

There were 821 commercial coal mines in the Hazard District during 1984. Two thousand three hundred and thirty-nine inspections were conducted. Records show that 25 mines were abandoned in the district during the year 1984.

Personnel of the Hazard District:
Albert Alexander, District Supervisor
Manual Slone, Mine Inspector
Darrell Wooton, Mine Inspector
Douglas Moncrief, Mine Inspector
Jimmy Bray, Mine Inspector
Roger Reynolds, Mine Inspector
William Cantrell, Mine Inspector
Eugene Lewis, Mine Inspector
Elam Hall, Mine Inspector
Hazel Cecil, Office Supervisor
Deborah Hamblin, Secretary Principal
Teresa Alexander Reynolds, Secretary Principal
Ronald Turner, Mine Inspector

MINES AND MINERALS LONDON DISTRICT
PERSONNEL—1984

LONDON DISTRICT

The office and mine rescue station of the London District is located in the Regional State Office Building on Highway 80, London, Kentucky. The London District is comprised of Clay, Clinton, Knox, Laurel, McCreary, Pulaski, Rockcastle, Wayne, Whitley Counties and parts of Leslie County.

There were 779 commercial coal mines in the London District during 1984. One thousand four hundred and sixty-seven inspections were conducted. Records show that 71 mines were abandoned in the district during the year 1984.

Personnel of the London District:
Leroy Gross, District Supervisor
Dill Finley, Mine Inspector
Cecil Smith, Mine Inspector
George Hollis, Mine Inspector
Herman D. Williamson, Mine Inspector
Jerry Holland, Mine Inspector
Larry Strunk, Mine Inspector[1]
Jesse Hubbard, Mine Inspector
Melvin Wagers, Mine Inspector
Rhonda Sams, Office Supervisor
Patricia Lewis, Secretary Principal
Connie Arthur, Secretary Principal

MINES AND MINERALS MARTIN DISTRICT
PERSONNEL—1984

MARTIN DISTRICT

The office and mine rescue station of the Martin District is located in the Coal Building at the Junction of Highways 80 and 122, Martin, Kentucky. The Martin District is comprised of Bath, Boyd, Carter, Elliott, Floyd, Greenup, Johnson, Lawrence, Lewis, Magoffin, Martin, Mason, Menifee, Morgan, Rowan and parts of Breathitt and Knott Counties.

There were 676 commercial coal mines in the Martin District during 1984. Two thousand one hundred and six inspections were conducted. Records show that 67 mines were abandoned in the district during the year 1984.

Personnel of the Martin District:
Richard Watts, District Supervisor
Eddie Akers, Mine Inspector
Elmo Green, Mine Inspector
Azzie Hall, Mine Inspector
Bobby Sexton, Mine Inspector
Vaughn Watson, Mine Inspector
Benny Combs, Mine Inspector
Clarence Kidd, Mine Inspector
Ballard Little, Mine Inspector
Billy Reed, Mine Inspector
Larry Sexton, Mine Inspector
Sophia Cahill, Office Supervisor[1]
Mary England, Secretary Chief
Inez Justice, Secretary Chief
Madeline Heinisch, Secretary Principal
Emma Lou Martin, Clerk Chief

---

MINES AND MINERALS PIKEVILLE DISTRICT
PERSONNEL—1984

PIKEVILLE DISTRICT

The office and mine rescue station of the Pikeville District is located on Chloe Road, Pikeville, Kentucky. The Pikeville District is comprised of Pike County.

There were 532 commercial coal mines in the Pikeville District during 1984. Two thousand one hundred and eighteen inspections were conducted. Records show that 58 mines were abandoned in the district during the year 1984.

Personnel of the Pikeville District:
David Phillips, District Supervisor
Elihu Coyer, Mine Inspector
Walter Coleman, Mine Inspector
Earnest Fields, Mine Inspector
Nargrattis Chapman, Mine Inspector
Don Wallen, Mine Inspector
Charles Hackney, Mine Inspector
Kenneth Kelly, Mine Inspector
Phillip Burke, Mine Inspector
Johnny Ratliff, Mine Inspector
Wilma Tucker, Office Supervisor
Deborah Huffman, Secretary Chief
Billie Huffman, Secretary Principal
Frances Adkins, Secretary Principal

MINES AND MINERALS MADISONVILLE DISTRICT PERSONNEL—1984

MADISONVILLE DISTRICT

The office and mine rescue station of the Madisonville District is located in the old T.B. Hospital Building on Laffoon Street, Madisonville, Kentucky. The West Kentucky District is comprised of Breckenridge, Butler, Caldwell, Carlisle, Christian, Crittenden, Daviess, Edmonson, Graves, Grayson, Hancock, Henderson, Hopkins, McLean, Muhlenburg, Ohio, Union, Warren and Webster Counties.

There were 189 commercial coal mines in the Madisonville District during 1984. Eight hundred and forty-eight inspections were conducted. Records show that 7 mines were abandoned in the district during the year 1984.

Personnel of the Madisonville District:
James Thorp, District Supervisor
Robert Bridges, Mine Inspector
Thomas Johnson, Mine Inspector
Virgil Mitchell, Mine Inspector
Billy Shaw, Mine Inspector
Douglas Monroe, Mine Inspector
Billy Smith, Mine Inspector
James Carlton, Mine Inspector
James Hawkins, Mine Inspector
Elmer Giffin, Mine Inspector
Austin Riley, Mine Inspector
Marietta Baucum, Secretary Chief
Jenny Saint, Secretary Principal
Betty Blue, Secretary Principal[1]

DIRECTORY OF COMMERCIAL RAIL AND TRUCK CLAY MINES

1983	1984	INCREASE	PER CENT INCREASE
241,910	315,167	73,257	30.28

EMPLOYMENT

The total number of men employed in the 18 commercial clay mines in Kentucky during 1984 was 90. This is the same amount of employees compared to the total of 90 in 1983.

ACCIDENTS

No fatal accidents occurred in 1984. The last previous fatal was on May 20, 1968 in which a surface equipment operator lost his life.

MINE FIRES AND IGNITIONS IN KENTUCKY

JULY 13, 1984, DOTIKI MINE, WEBSTER COUNTY COAL CORPORATION, CLAY, WEBSTER COUNTY. After loading one shuttle car of coal, and while the shuttle car was at the belt feeder dumping the coal, the ignition occurred. A miner was pushing up loose coal out of the right side crosscut in the No. 5 entry, when an ignition of unknown origin occurred burning his hands, face and front and back of right shoulder. Parts of the loader were also scorched.

AUGUST 29, 1984, MINE NUMBER 1, TRIPLE J COAL COMPANY, INC., META, PIKE COUNTY. A 16-RB Joy cutting machine caught fire at 2:10 P.M. while tramming down the No. 2 entry. The fire was extinguished at 2:17 P.M. With the help of the Johns Creek Fire Department, a water hose was run into the mine and the cutting machine and surrounding area wetted. There were no personal injuries.

Brack Newsom, Jr., Electrical Mining Instructor
Ronnie McDowell, Electrical Mining Instructor
Raymond Kidd, Mine Safety Instructor
Jack Shelton, Electrical Mining Instructor

---

[1] Transferred out Februrary 29, 1984.

TRAINING AND EDUCATION

A full time Training and Education Program was established in 1971, with a Federal Grant from the U. S. Bureau of Mines, now known as the Mine Safety and Health Administration (MSHA). This is a very effective program and is staffed with eleven well qualified mining instructors and five electrical instructors, who are stationed in the six district offices and mine rescue stations.

The following list show the type of certificates issued and the number of men/women involved in the different safety courses conducted by this Division in 1984. (This includes both organized classroom work and field work).

CERTIFICATES ISSUED

Underground Mine Foremen	395
Surface Mine Foremen	606
Inspectors	36
Principles of Accident Prevention	2,427
Belt Examiner	156
Mine Electricians (Underground and Surface)	5,559
First Aid	696
Cardiopulmonary Resuscitation (CPR)	326
Principles of Mine Rescue	72
Self Rescuer (Drager)	19
Mine Emergency Training	369
Coal Mine Health & Safety Act of 1969-Part 77 Surface	8
Coal Mine Health & Safety Act of 1969-Part 75 Underground	11
Mine Electrical Hoistmen	99
Instruments and Apparatus	9,884
Shot Firer	1,264
EMERGENCY MEDICAL TECHNICIAN (EMT)	65

MINER TRAINING, EDUCATION AND CERTIFICATION DIVISION

The Board of Miner Training, Education and Certification as provided by Chapter 351, Paragraph 105, Kentucky Revised Statutes, was composed of the following members in 1984.

Willard Stanley .... Chairman
William Joe Morgan .... Mine Member ..... Eastern Kentucky
Daniel Brown .... Mine Member .... Western Kentucky[1]
Andrew Adams .... Operator Member .... Eastern Kentucky[2]
Raymond Ashby ... Operator Member ..... Western Kentucky
James Childers .... Operator Member .... Eastern Kentucky[3]
Lewis Chaney .... Mine Member .... Western Kentucky[4]
William E. Clayton, Director, Miner Training, Education and Certification Division .... Non-Voting Member

Pursuant to KRS 351.106 Underground Miner Training and Certification Regulations were implemented in October, 1977. During 1978 the required 48-hour inexperienced miner's program was prepared and the first classes were taught in May, 1978. Through December 31, 1984, 32,167 persons were issued Temporary Inexperienced Miner's Work Permits; of this number, 4,357 were issued during 1984.

After the Underground Miner Training and Certification Regulations were implemented in October, 1977, the Board of Miner Training, Education and Certification established a date of November 1, 1978, as the date all persons employed in underground mines should meet this requirement. As of December 31, 1984, 42,000 persons have been issued underground miners certificates. Of this total, 612 are female miners.

Uniform two-day examinations for Mine Foremen and Inspectors were scheduled by the Board to meet the demand whenever it arose. Examinations were held in the Department offices in Lexington and at various localities throughout the coal fields, whenever the number of applicants made it justifiable. Mr. Curtis Miller now serves as Chief Examiner throughout the Commonwealth.

Examinations were multiple choice in character. Applicants were given written examinations on the subjects of Mine Law; First Aid; Ventilation; Apparatus and Electricity; Fires and Explosives; General Mining Practices and Gases. Each applicant was tested on his/her ability to detect methane with a flame safety lamp and use of an anemometer in the calculation of the rate of air current flow. The miner was further required to prove

RALPH PERRY, DIRECTOR
MINE SAFETY ANALYSIS DIVISION

MINE SAFETY ANALYSIS DIVISION

The Mine Safety Analysis Division consist of one director and thirty-three field personnel. In 1984 they completed 318,599 personal contacts and observations. These contacts are conducted underground and on an one-to-one basis.

The members of the Mine Safety Analysis Division also serve as members of mine rescue and recovery teams in their respective districts. They are trained once each month in the use of self-contained oxygen breathing apparatus. In addition to their underground duties, they help coal companies establish mine rescue teams and judge mine rescue and first-aid contest.

The goal of the Mine Safety Analysis Division and the Department of Mines and Minerals is to use the knowledge and experience of these people to further reduce accidents and injuries to underground coal miners.

DIRECTOR EXPLOSIVES AND BLASTING

EXPLOSIVES AND BLASTING
PERSONNEL—1984

EXPLOSIVES AND BLASTING DIVISION

During 1984, 225 new general blaster's licenses were issued, and 3,779 general licenses were renewed. Also, 38 new limited licenses were issued and 180 limited licenses were renewed. There were 300 general examinations and 46 limited examinations given. To obtain a general or limited blaster's license, the applicant must pass the prescribed written examination and must have two years of practical blasting experience. Thirteen courses were offered at various locations around the state and were attended by 236 people.

Personnel of the Division of Explosives and Blasting

Ralph Coy
Senior Blasting Inspector/Instructor .... Lawrenceburg

John Shuttleworth
Senior Blasting Inspector/Instructor .... Pikeville

Sandra Thor
Administrative Secretary .... Lexington

The Division of Explosives and Blasting continued its program of inspection, enforcement, education, and licensing of blasters in 1984. A total of 263 new blaster's licenses were issued during the calendar year 1984. Of these 263 new licenses, 225 were general blaster's licenses, and 38 were limited blaster's licenses. As of December 31, 1984, there were 4,222 individuals holding current and valid Kentucky blaster's licenses. Of these 4,004 were general licenses, and 218 were limited licenses. These blasters were engaged in all phases of the explosive industry; 1,976 in surface coal mine blasting, 1,106 in construction, 211 in quarrying, and 760 were listed as engaged in general blasting, and 169 were unemployed.

During 1984, well over 760 million pounds of explosives were detonated in Kentucky. This quantity represents 20% of the total explosives used in the entire United States.

The division conducted thirteen blaster's training courses throughout the Commonwealth in 1984. These classes were attended by 236 people, who were primarily applicants for blaster's licenses. The locations and number of attendees in these courses were as follows:

Location	No. Attending
Pikeville	17
Morehead	28
Louisville	15
London	21
Isom	14
Bowling Green	34
Martin	12
Lexington	11
Elizabethtown	9
Beaver Dam	10
Madisonville	16
Hazard	11
London	38

These courses consist of thirty hours of instruction covering all aspects of explosives use. The purpose of the course is to raise the competency level of the blasters in the field as well as assist those preparing to take the blaster's examination. The public is better protected and the blaster's work environment is safer when the blaster's ability is enhanced through training.

The Explosives and Blasting inspectors answer 100% of all public complaints received by this division. These complaints primarily concern ground vibrations, noise, flyrock, and various other adverse effects of blasting. The inspector's investigation of the complaints involves inspection of the operation generating the complaint and extensive seismic monitoring. During 1984, the division made 293 such investigations of public complaints and used the seismograph 207 times in order to resolve these complaints.

In addition, the inspectors continue to make routine checks of all blasting operations to ensure compliance with the laws and regulations governing the use of explosives. The division inspects not only those companies using explosives, but also companies engaged in the manufacture, sale, storage, and transportation of explosives. Thirty-seven companies engaged in the sale or distribution of explosives in the Commonwealth registered with the division in 1984.

During the year the division has participated in a number of seminars sponsored by other state agencies and educational institutions. It has been the aim to use every opportunity for education of the public and training of blasters in the safe use and associated hazards of explosives.

HENRY MORGAN
DIRECTOR, OIL & GAS DIVISION

OIL AND GAS DIVISION
PERSONNEL—1984

OIL AND GAS DIVISION

The Oil and Gas Division was established in June 1960 and is responsible for the conservation of oil and gas resources of the Commonwealth. The program also protects correlative rights of the mineral owners. This is required to prevent waste and unnecessary loss, to encourage the maximum recovery of oil and gas, to promote safety, and to prevent contamination of underground water resources. It is also charged with the collection of geologic data obtained from the drilling of oil and gas wells for deposit in the Kentucky Geologic Survey.

The Oil and Gas Division presently has 12 field inspectors, 2 field supervisors, and 12 members in the adminstrative staff. This Division was allowed to increase its staff during the last 4 years in an attempt to keep up with the rapidly expanding drilling industry changes. We have become increasingly aware of several new problems. For example, because of the rapidly increasing oil prices in the late 1970's many people entered the oil and gas drilling industry with very little experience. We were overwhelmed with the number of applications for drilling permits and at the same time, many of the new operators have little regard for the laws of the Commonwealth. We were faced with an increasing number of operators drilling wells without permits, leaving wells open and unplugged and the operators having sealed a well without notifying the inspector. These violations of the law have caused the Division to more aggressively enforce the laws.

The inspectors of the Oil and Gas Division attempt to preform a minimum of four inspections of a well drilling permit and inspect approximately 30,000 operating wells per year. They inspect all abandoned wells and investigate 100% of all complaints.

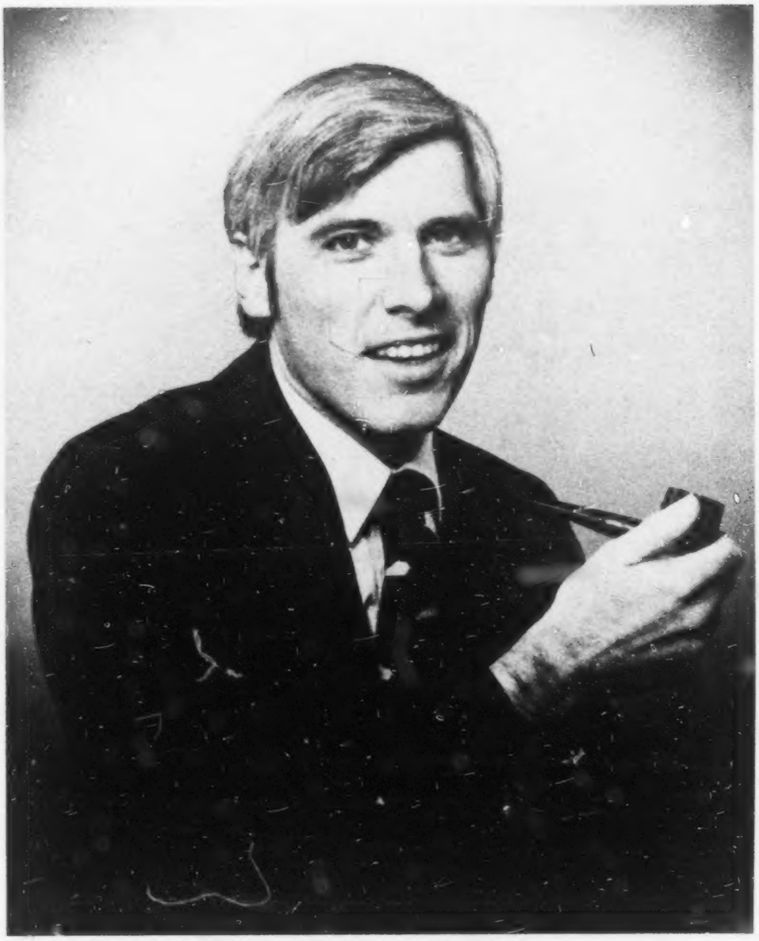
COMMISSIONER



JON WERTZLER
DIRECTOR, ADMINISTRATIVE
SERVICES

LETTER OF TRANSMITTAL

The Honorable Martha Layne Collins
Governor of Kentucky
Frankfort, Kentucky

Madam:

I have the honor to submit for your approval the report of the Department of Mines and Minerals for the year ending December 31, 1985, this being the one hundred and sixth report of this Department.

Very Respectfully yours,
Willard Stanley, Commissioner
Department of Mines and Minerals

Lexington, Kentucky

This copy has been prepared by the Department of Mines and Minerals and paid for from state funds.

KENTUCKY DEPARTMENT OF MINES AND MINERALS PERSONNEL—1985

INTRODUCTION

Kentucky coal production was 169,616,063 tons in 1985. The 1985 production of 169,616,063 tons was 1,062,228 tons less than the previous year of 170,678,291 tons. Kentucky remained the nation's largest coal producing state by outdistancing the nearest rival by 29,191,617 tons. In 1985 over seventy-four million tons of coal were mined by surface operations while over ninety-four million tons were mined underground.

The coal industry furnished direct employment for 47,561 miners.

Seventeen miners were killed in Kentucky coal mine accidents in 1985.

The clay mining industry mined 355,615 tons in 1985. No fatal accidents occurred at clay mines during the year.

The following chart compares production of the various types of coal mines for the past two years:

	PRODUCTION IN TONS			
TYPE MINE	1985	1984	PER CENT CHANGE	
Rail-Auger Strip	2,573,120	3,869,196	−	33.49
Rail-Auger	—	—	—	—
Rail-Strip	9,852,392	8,744,822	+	12.66
Rail-Underground	31,994,090	30,127,740	+	6.19
RAIL TOTALS	44,419,602	42,741,758	+	3.92
Truck-Auger Strip	30,426,984	30,451,344	−	.08
Truck-Auger	873,248	737,749	+	18.36
Truck-Strip	31,171,114	37,418,283	−	16.69
Truck-Underground	62,725,115	59,329,157	+	5.72
TRUCK TOTALS	125,196,461	127,936,533	−	2.14
ALL MINES	169,616,063	170,678,291	−	.62

HEADS OF DEPARTMENT

1884-1893	C. J. Norwood	Inspector of Mines
*1893-1896	C. J. Norwood	Chief Inspector of Mines
1897-1901	G. W. Stone	Chief Inspector of Mines
1902-1919	C. J. Norwood	Chief Inspector of Mines
1920-1923	Lawson Blenkinsopp	Chief Inspector of Mines
1924-1927	W. H. Jones	Chief Inspector of Mines
**1928-1934	John F. Daniels	Chief, Department of Mines and Minerals
***1934-1939	John F. Daniels	Chief, Department of Mines and Minerals
1940-1944	G. M. Patterson	Chief, Department of Mines and Minerals
1945-1947	Harry Thomas	Chief, Department of Mines and Minerals
1948-1955	A. D. Sisk	Chief, Department of Mines and Minerals
1956-1959	James H. Phalan	Chief, Department of Mines and Minerals
****1960-1968	A. H. Mandt	Commissioner, Department of Mines and Minerals
1968-1979	Harreld N. Kirkpatrick	Commissioner, Department of Mines and Minerals
1979-	Willard Stanley	Commissioner, Department of Mines and Minerals

The Kentucky Department of Mines was established in 1884 and offices were located in the State House Building at Frankfort, Kentucky. In May 1898 the Office of the Department of Mines was moved to the University of Kentucky campus at Lexington where it has remained to date.

The Oil and Gas Division of the Department was established by Law July 15, 1960.

The Explosives and Blasting Division of the Department was established by Law June 16, 1972.

The Miner Training, Education and Certification Division was established by Law December 22, 1976.

The Mine Safety Analysis Division was established by Law December 22, 1976.

*When the Department was established in 1884 the head of the Department was entitled Inspector of Mines. On June 10, 1893, the title was changed to Chief Inspector of Mines.

**In 1928 the title was changed to Chief, Department of Mines.

***On July 1, 1934 the Department became known as the Department of Mines and Minerals.

****In 1960 the title was changed from Chief to Commissioner.

MINES AND MINERALS LEXINGTON
OFFICE PERSONNEL—1985

DIRECTORY AND STATISTICS OF DEPARTMENT OF MINES AND MINERALS INSPECTION DISTRICTS

To facilitate the mine inspection duties of the Department, the coal fields have been divided into six inspection districts. A mine rescue station which serves as the district office is centrally located in each district. The Eastern Kentucky coal field is divided into five districts, with mine rescue stations located at Harlan, Hazard, London, Martin and Pikeville. An office at Madisonville serves the Western Kentucky coal field.

The operations for the district offices is directed from the office of the Commissioner located in Lexington. General staff and Lexington office personnel are as follows:

Willard Stanley, Commissioner
Margaret Caywood, Principal Assistant
Curtis Miller, Chief Examiner
Faith Miller Cole, Executive Staff Advisor
Nancy Toombs, Executive Secretary
Jon Wertzler, Director of Administrative Services
Eugene D. Attkisson, Attorney Chief
Sallie Hubbard, Legal Secretary
Randy Donahue, Personnel Manager
Barbara Gabbard, Principal Accountant[1]
Betty Bostick, Accountant[2]
Connie Wolfe, Sr. Accountant
Joey Lucas, Administrative Specialist
Susan Burke, Fiscal Officer
Karen Shillito, Accountant
Eula Witt, Office Supervisor
Tammy Compton, Chief Clerk
Julane Marcum, Principal Clerk
Cathy Haynes, Clerk[3]
Georgia Staab, Chief Clerk
Delbert Robison, Printing Equipment Operator
Larry Koster, Principal Clerk (part-time)
David Saldivar, Messenger[4]
Johnny Howard, Messenger (part-time)[5]

---

[1] Resigned 6/15/85
[2] Transferred in 9/16/85
[3] Resigned 4/15/85
[4] Resigned 1/15/85
[5] Appointed 1/16/85

The Directory and Statistics of Coal Mines contained in the following pages is separated by Inspection Districts and by Counties.

Code letters to classify mines are as follows:

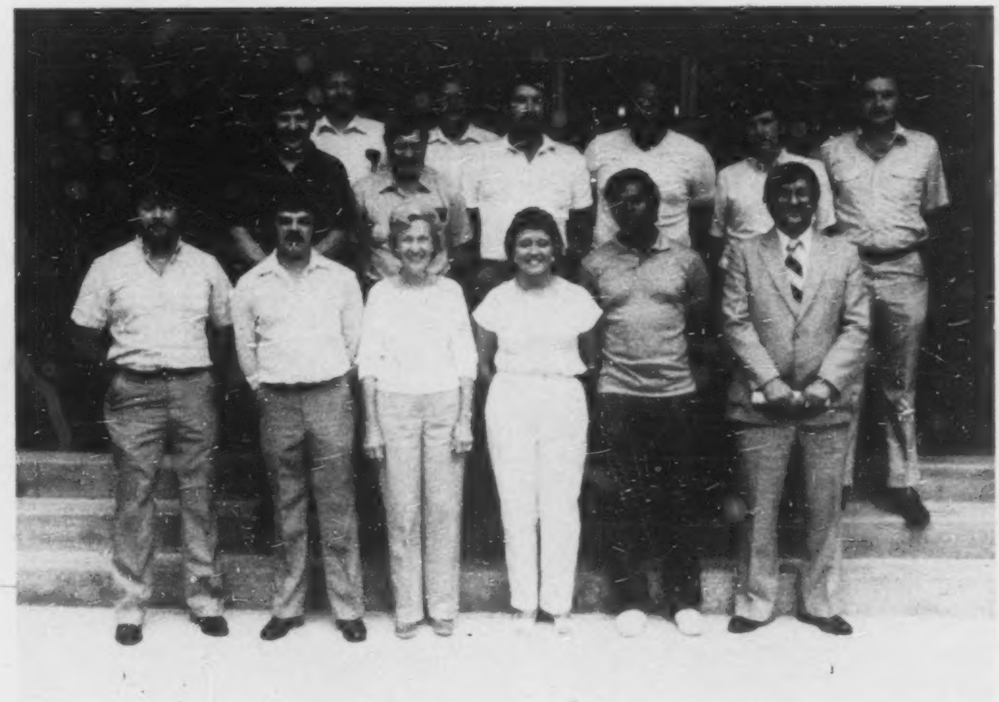
URC	Underground Rail Coal
URWC	Underground Rail Water Coal
UTC	Underground Truck Coal
UWC	Underground Water Coal
ARC	Auger Rail Coal
ASRC	Auger Strip Rail Coal
ASTC	Auger Strip Truck Coal
ATC	Auger Truck Coal
SRC	Strip Rail Coal
STC	Strip Truck Coal
SWC	Strip Water Coal
SRCL	Strip Rail Clay
STCL	Strip Truck Clay
GSTC	Gob Strip Truck Coal

Notations made are as follows:

A	Abandoned
CC	Change of Company Name only
CO	Change of Operator and Company Name or Operator Name only
*	Estimated Tonnage

Production, employment and accident figures for River mines have been included in the totals for Truck mines for the purpose of compiling statistical charts.

Many of the coal production figures of individual mines which appear herein have been estimated by the Department. This was necessary because the reports of the operators of those mines, particularly mines which became abandoned during 1985, were delinquent at the time of publication.



MINES AND MINERALS HARLAN DISTRICT
PERSONNEL—1985

HARLAN DISTRICT

The office and mine rescue station of the Harlan District is located in the old Margie Grand Theater Building, corner of Central and Second Streets, Harlan, Kentucky. The Harlan District is comprised of Bell and Harlan Counties.

There were 337 commercial coal mines in the Harlan District during 1985. One thousand two hundred and sixteen inspections were conducted. Records show that 24 mines were abandoned in the district during the year 1985.

Personnel of the Harlan District:
Dewey Middleton, District Supervisor
Charles Sargent, Mine Inspector
James Gilbert, Mine Inspector
David Disney, Mine Inspector
Tom Howard, Mine Inspector
Jessie Whitt, Mine Inspector
Roy Rhymer, Mine Inspector
Dale Halcomb, Mine Inspector
Margaret Howard, Office Supervisor
Julie Slusher Middleton, Secretary, Pr.
Patricia Long Middleton, Secretary, Pr.
Linda Mullins, Janitress

MINES AND MINERALS HAZARD DISTRICT
PERSONNEL—1985

HAZARD DISTRICT

The office and mine rescue station of the Hazard District is located at 383-385 Main Street, Hazard, Kentucky. The Hazard District is comprised of Estill, Jackson, Lee, Letcher, Madison, Owsley, Perry, Powell, Wolfe and parts of Breathitt, Knott and Leslie Counties.

There were 670 commercial coal mines in the Hazard District during 1985. Two thousand eight hundred and three inspections were conducted. Records show that 29 mines were abandoned in the district during the year 1985.

Personnel of the Hazard District:
Albert Alexander, District Supervisor
Manual Slone, Mine Inspector
Darrell Wooton, Mine Inspector
Douglas Moncrief, Mine Inspector
Jimmy Bray, Mine Inspector
Roger Reynolds, Mine Inspector
William Cantrell, Mine Inspector
Eugene Lewis, Mine Inspector
Elam Hall, Mine Inspector
Hazel Cecil, Office Supervisor[1]
Deborah Hamblin, Secretary Principal
Teresa Alexander Reynolds, Secretary Principal
Ronald Turner, Mine Inspector

---

[1] Retired 9/30/85

MINES AND MINERALS LONDON DISTRICT PERSONNEL—1985

LONDON DISTRICT

The office and mine rescue station of the London District is located in the Regional State Office Building on Highway 80, London, Kentucky. The London District is comprised of Clay, Clinton, Knox, Laurel, McCreary, Pulaski, Rockcastle, Wayne, Whitley Counties and parts of Leslie County.

There were 580 commercial coal mines in the London District during 1985. One thousand three hundred and seven inspections were conducted. Records show that 53 mines were abandoned in the district during the year 1985.

Personnel of the London District:
Leroy Gross, District Supervisor
Dill Finley, Mine Inspector
Cecil Smith, Mine Inspector
George Hollis, Mine Inspector
Herman D. Williamson, Mine Inspector
Jerry Holland, Mine Inspector
Jesse Hubbard, Mine Inspector
Melvin Wagers, Mine Inspector
Rhonda Sams, Office Supervisor
Patricia Lewis, Secretary Principal
Connie Arthur, Secretary Principal

MINES AND MINERALS MARTIN DISTRICT
PERSONNEL—1985

MARTIN DISTRICT

The office and mine rescue station of the Martin District is located in the Coal Building at the Junction of Highways 80 and 122, Martin, Kentucky. The Martin District is comprised of Bath, Boyd, Carter, Elliott, Floyd, Greenup, Johnson, Lawrence, Lewis, Magoffin, Martin, Mason, Menifee, Morgan, Rowan and parts of Breathitt and Knott Counties.

There were 649 commercial coal mines in the Martin District during 1985. One thousand eight hundred and twenty inspections were conducted. Records show that 58 mines were abandoned in the district during the year 1985.

Personnel of the Martin District:
Richard Watts, District Supervisor
Eddie Akers, Mine Inspector
Elmo Green, Mine Inspector
Azzie Hall, Mine Inspector
Vaughn Watson, Mine Inspector
Benny Combs, Mine Inspector
Clarence Kidd, Mine Inspector
Ballard Little, Mine Inspector
Billy Reed, Mine Inspector
Bobby Sexton, Mine Inspector
Larry Sexton, Mine Inspector
Mary England, Secretary Chief
Inez Justice, Secretary Chief
Madeline Heinisch, Secretary Principal
Emma Lou Martin, Clerk Chief

MINES AND MINERALS PIKEVILLE DISTRICT
PERSONNEL—1985

PIKEVILLE DISTRICT

The office and mine rescue station of the Pikeville District is located on Chloe Road, Pikeville, Kentucky. The Pikeville District is comprised of Pike County.

There were 465 commercial coal mines in the Pikeville District during 1985. One thousand nine hundred and fifty-nine inspections were conducted. Records show that 25 mines were abandoned in the district during the year 1985.

Personnel of the Pikeville District:
David Phillips, District Supervisor
Elihu Coyer, Mine Inspector
Walter Coleman, Mine Inspector
Earnest Fields, Mine Inspector
Nargrattis Chapman, Mine Inspector
Don Wallen, Mine Inspector
Charles Hackney, Mine Inspector[1]
Kenneth Kelly, Mine Inspector
Phillip Burke, Mine Inspector
Johnny Ratliff, Mine Inspector
Wilma Tucker, Office Supervisor
Deborah Huffman, Secretary Chief
Billie Huffman, Secretary Principal
Frances Adkins, Secretary Principal

MINES AND MINERALS MADISONVILLE DISTRICT PERSONNEL—1985

MADISONVILLE DISTRICT

The office and mine rescue station of the Madisonville District is located in the old T.B. Hospital Building on Laffoon Street, Madisonville, Kentucky. The West Kentucky District is comprised of Breckenridge, Butler, Caldwell, Carlisle, Christian, Crittenden, Daviess, Edmonson, Graves, Grayson, Hancock, Henderson, Hopkins, McLean, Muhlenburg, Ohio, Union, Warren and Webster Counties.

There were 170 commercial coal mines in the Madisonville District during 1985. Nine hundred and eighty-three inspections were conducted. Records show that 14 mines were abandoned in the district during the year 1985.

Personnel of the Madisonville District:
James Thorp, District Supervisor[1]
Billy Shaw, District Supervisor[2]
Robert Bridges, Mine Inspector
Thomas Johnson, Mine Inspector
Virgil Mitchell, Mine Inspector
Douglas Monroe, Mine Inspector
Billy Smith, Mine Inspector
James Carlton, Mine Inspector
James Hawkins, Mine Inspector
Elmer Giffin, Mine Inspector
Austin Riley, Mine Inspector
Marietta Baucum, Secretary Chief
Jenny Saint, Secretary Principal
Betty Blue, Secretary Principal

MINE FIRES AND IGNITIONS IN KENTUCKY

FEBRUARY 8, 1985, MINE NO. 1, LANTERN COAL COMPANY, INC., CAWOOD, HARLAN COUNTY. A fire of unknown origin was discovered at approximately 8:00 A.M. Due to the intensity of the fire, a joint decision by state and federal agencies was reached to seal the mine. Permanent seals were started on February 9, 1985, and completed on February 11, 1985. On February 26, 1985, the Harlan District Office of the Department of Mines and Minerals was notified that the seals had been damaged by person or persons unknown. On February 27, 1985, the inspection showed all three seals had been damaged. Tests at the seals on this date showed the atmosphere to be clear. The ventilation fan was started and CO tests taken. The fan ran for approximately 5½ hours with continuous CO readings being taken. State and Federal representatives entered the mine at 2:00 P.M., but excessive water in the 8th crosscut prohibited further travel. Permission was granted to reconnect and operate pump to lower water. The ventilation fan was to operate continuously and a guard was to be posted. On February 28, 1985, tests were taken at the portals and showed the atmosphere clear. State and federal representatives re-entered the mine. Evidence of the mine fire was observed about the 13th crosscut on the intake and belt entries. A roof fall was also discovered on the intake at the 17th crosscut. The roof fall extended rib to rib and was approximately 0 to 6 ft. thick and about 30 ft. long. Further inspection found the section power center located under this fall. Closer inspection revealed intense heat coming from power center and fall area. It was decided that this was where the fire originated. There was no observation of flames or any detection of CO. Inspectors retreated from the mine and a decision was made to stop the fan. On March 4, 1985, the ventilation fan was started and tests were made. One hour later state, federal, and company officials re-entered the mine and found the fall and power center area emitting only a little heat. Due to excessive water inby the fall area, further inspection was prohibited. Arrangements were made to remove the water and permission was given to redirect the ventilation and roadway around the fall area. This was on 1st left panel and involved removing seals and CO from behind the sealed area. On March 6, 1985, the intake airway and new roadway were traveled and the atmosphere tested clear and recommendations were made. On March 8, 1985, the recommendations had been complied with, the mine closure was lifted and the mine was released to resume operation. There were no injuries to personnel.

MARCH 11, 1985, PYRO NO. 9 WHEATCROFT MINE, PYRO MINING COMPANY, STURGIS, WEBSTER COUNTY. An ignition occurred at 1:00 A.M. in the 1st Northwest parallel on No. 1 unit in No. 3 entry at the face, when a hole on the outby rib in the crosscut right in the No. 4 entry was shot through into the No. 3 entry. One miner was burned on the legs, arms, hands, face and neck. Another one was burned on his right hand and cheeks.

MARCH 13, 1985, GREEN RIVER NO. 9 MINE, GREEN RIVER COAL COMPANY, MADISONVILLE, HOPKINS COUNTY. As the cutting machine on No. 3 unit was taking the first cut out of a crosscut right in No. 2 entry, a methane ignition occurred about 3:00 A.M. A ball of fire rolled up about as high as the cutter head then went back under the cut thus extinguishing the blaze. There were no personal injuries.

WINNERS OF DISTRICT MINE RESCUE AND FIRST-AID CONTEST-1985

KENTUCKY RIVER MINING INSTITUTE
August 23, 1985
Perry County Park, Hazard, Kentucky

TWO-HOUR MINE RESCUE CONTEST

Standing	Company	Captain	Address

TRAINING AND EDUCATION

A full time Training and Education Program was established in 1971, with a Federal Grant from the U. S. Bureau of Mines, now known as the Mine Safety and Health Administration (MSHA). This is a very effective program and is staffed with eleven (11) well qualified mining instructors and five (5) electrical instructors, who are stationed in the six district offices and mine rescue stations.

The following list show the type of certificates issued and the number of men/women involved in the different safety courses conducted by this Division in 1985. (This includes both organized classroom work and field work).

CERTIFICATES ISSUED

Underground Mine Foremen	451
Surface Mine Foremen	1,049
Inspectors	41
Principles of Accident Prevention	1,605
Belt Examiner	115
Mine Electricians (Underground and Surface)	6,008
First Aid	247
Cardiopulmonary Resuscitation (CPR)	598
Principles of Mine Rescue	31
Self Rescuer (Drager)	13
Mine Emergency Training	42
Coal Mine Health & Safety Act of 1969-Part 77 Surface	0
Coal Mine Health & Safety Act of 1969-Part 75 Underground	25
Mine Electrical Hoistmen	202
Instruments and Apparatus	9,829
Shot Firer	1,373
EMERGENCY MEDICAL TECHNICIAN (EMT)	634

MINER TRAINING, EDUCATION AND CERTIFICATION DIVISION

The Board of Miner Training, Education and Certification as provided by Chapter 351, Paragraph 105, Kentucky Revised Statutes, was composed of the following members in 1985.

Willard Stanley .... Chairman
William Joe Morgan .... Mine Member..... Eastern Kentucky
Raymond Ashby ... Operator Member..... Western Kentucky
James Childers .... Operator Member..... Eastern Kentucky
Lewis Chaney .... Mine Member..... Western Kentucky
William E. Clayton, Director, Miner Training, Education and
Certification Division .... Non-Voting Member

Pursuant to KRS 351.106 Underground Miner Training and Certification Regulations were implemented in October, 1977. During 1978 the required 48-hour inexperienced miner's program was prepared and the first classes were taught in May, 1978. Through December 31, 1985, 35,839 persons were issued Temporary Inexperienced Miner's Work Permits; of this number, 3,672 were issued during 1985.

After the Underground Miner Training and Certification Regulations were implemented in October, 1977, the Board of Miner Training, Education and Certification established a date of November 1, 1978, as the date all persons employed in underground mines should meet this requirement. As of December 31, 1985, 44,205 persons have been issued underground miners certificates. Of this total, 630 are female miners.

Uniform two-day examinations for Mine Foremen and Inspectors were scheduled by the Board to meet the demand whenever it arose. Examinations were held in the Department offices in Lexington and at various localities throughout the coal fields, whenever the number of applicants made it justifiable. Mr. Curtis Miller now serves as Chief Examiner throughout the Commonwealth.

Examinations were multiple choice in character. Applicants were given written examinations on the subjects of Mine Law; First Aid; Ventilation; Apparatus and Electricity; Fires and Explosives; General Mining Practices and Gases. Each applicant was tested on his/her ability to detect methane with a flame safety lamp and use of an anemometer in the calculation of the rate of air current flow. The miner was further required to prove his/her knowledge of safe mining practices in an interview with the Examiner and to indicate safe and practical methods of ventilation on a typical mine map.

A list of those who successfully completed the required examination for foremen and inspectors is shown on the following pages:

LIST OF MEN PASSING UNDERGROUND MINE FOREMAN EXAMINATION, NUMBER AND DATE OF CERTIFICATION

RALPH PERRY, DIRECTOR
MINE SAFETY ANALYSIS DIVISION

MINE SAFETY ANALYSIS DIVISION

The Mine Safety Analysis Division consists of one Director, one Assistant Director and thirty-seven field personnel. The primary responsibility of the safety analyst is to prevent underground mine accidents and fatalities by observing and evaluating the work habits of persons involved in the direct production of coal and to contact, advise, and assist these persons on a one-to-one basis correcting their unsafe or potentially hazardous actions. In 1985 they completed 320,427 personal contacts and observations.

The members of the Mine Safety Analysis Division also serve as members of mine rescue and recovery teams in their respective districts. They are trained once each month in the use of a self-contained oxygen breathing apparatus. In addition to their underground duties, they help coal companies establish mine rescue teams and judge mine rescue and first-aid contest.

The goal of the Mine Safety Analysis Division and the Department of Mines and Minerals is to use the knowledge and experience of these people to further reduce accidents and injuries to underground coal miners.

LAWRENCE C. SCHNEIDER
DIRECTOR EXPLOSIVES AND BLASTING

EXPLOSIVES AND BLASTING
PERSONNEL—1985

EXPLOSIVES AND BLASTING DIVISION

During 1985, 160 new general blaster's licenses were issued, and 3,740 general licenses were renewed. Also, 29 new limited licenses were issued and 217 limited licenses were renewed. There were 197 general examinations and 47 limited examinations given. To obtain a general or limited blaster's license, the applicant must pass the prescribed written examination and must have two years of practical blasting experience. Seven courses were offered at various locations around the state and were attended by 132 people.

Personnel of the Division of Explosives and Blasting

Lawrence C. Schneider Director	Lexington
Douglas Hicks Senior Blasting Inspector/Instructor	Martin
Kenneth Payne Senior Blasting Inspector/Instructor	Barbourville
Carlos Delgado Senior Blasting Inspector/Instructor	Lexington
Evan Shelby Senior Blasting Inspector/Instructor	Marion
Coleman England Senior Blasting Inspector/Instructor	Hyden
Walter Duke Senior Blasting Inspector/Instructor	Owensboro
Ralph Coy Senior Blasting Inspector/Instructor	Lawrenceburg
John Shuttleworth Senior Blasting Inspector/Instructor	Pikeville
Sandra Thor Administrative Secretary	Lexington

The Division of Explosives and Blasting continued its program of inspection, enforcement, education, and licensing of blasters in 1985. A total of 189 new blaster's licenses were issued during the calendar year 1985. Of these 189 new licenses, 160 were general blaster's licenses, and 29 were limited blaster's licenses. As of December 31, 1985, there were 4,146 individuals holding current and valid Kentucky blaster's licenses. Of these 3,900 were general licenses, and 246 were limited licenses.

During 1985, well over 900 million pounds of explosives were detonated in Kentucky. This quantity represents 20% of the total explosives used in the entire United States.

The division conducted seven blaster's training courses throughout the Commonwealth in 1985. These classes were attended by 132 people, who were primarily applicants for blaster's licenses. The locations and number of attendees in these courses were as follows:

Location	No. Attending
Pikeville	9
Louisville	27
Lexington	22
Madisonville	24
Hazard	21
Elizabethtown	7
Pikeville	22

These courses consist of thirty hours of instruction covering all aspects of explosives use. The purpose of the course is to raise the competency level of the blasters in the field as well as assist those preparing to take the blaster's examination. The public is better protected and the blaster's work environment is safer when the blaster's ability is enhanced through training.

The Explosives and Blasting inspectors answer 100% of all public complaints received by this division. These complaints primarily concern ground vibrations, noise, flyrock, and various other adverse effects of blasting. The inspector's investigation of the complaints involves inspection of the operation generating the complaint and extensive seismic monitoring. During 1985, the division made 379 such investigations of public complaints and used the seismograph 224 times in order to resolve these complaints.

In addition, the inspectors continue to make routine checks of all blasting operations to ensure compliance with the laws and regulations governing the use of explosives. The division inspects not only those companies using explosives, but also companies engaged in the manufacture, sale, storage, and transportation of explosives. Thirty-seven companies engaged in the sale or distribution of explosives in the Commonwealth registered with the division in 1985.

During the year the division has participated in a number of seminars sponsored by other state agencies and educational institutions. It has been the aim to use every opportunity for education of the public and training of blasters in the safe use and associated hazards of explosives.

The Division signed a Memorandum of Agreement with the Department for Surface Mining Reclamation and Enforcement whereby the Division will provide the training and testing of all blasters engaged in Surface Coal Mining. This is in response to a mandate of the federal office of Surface Mining that all blasters be certified. This certification requires training in the technical aspects of blasting as well as the federal, state and local regulations governing blasting. The program took effect December 10, 1985. Within 12 months all the blasters working in surface coal mines must complete the prerequisite training and testing. This involves approximately 2,000 blasters within the Commonwealth.

OIL AND GAS DIVISION

25th Year of Service

The Oil and Gas Division was established in June, 1960, and is responsible for the conservation of oil and gas resources of the Commonwealth. Laws administered by the Division are detailed in Chapter 353 of the Kentucky Revised Statutes and under Title 805 of the Kentucky Administrative Regulations. The Division is also charged with the protection of correlative rights of mineral owners. This is required to prevent waste and unnecessary loss of oil and gas while encouraging maximum recovery, to prevent contamination of underground fresh water resources, and to promote safety.

The Division issues permits to drill, deepen or reopen a well upon approval of an application, surveyed location plat, bond and application fee, which is valid for one (1) year during which time a well must be drilled or the permit expires. Upon completion of a well the operator is required to furnish the Division a completed Well Log and Completion Report, a copy of any geophysical surveys taken, and a Plugging Affidavit if the well is determined to be dry or uneconomical. These well records are then turned over to the Kentucky Geological Survey for storage, oil and gas research and for public inspection.

The Federal Natural Gas Policy Act (NGPA) became effective on December 1, 1978. The Act was proposed to equalize price disparity of gas sold interstate (among states) and intrastate (within a state). It also provides incentives for new exploration, development and production of natural gas, aiming toward eventual deregulation of the natural gas industry.

The Kentucky Division of Oil and Gas is the appointed agency of the Kentucky Public Service Commission under authority of KRS 278.110 to make initial category determinations of applicants submitting NGPA filings. An applicant may file for a determination under Sections 102, 103, 107, or 108 of the NGPA. During 1985 approximately 644 applications were filed with the Division. Of these: 17 were Section 102, 310 were Section 103, 123 were Section 107, and 194 were filed as Section 108.

In an effort to streamline the permit issuance and record management procedures, the Division of Oil and Gas is converting to a computerized system. We are currently on-line with the Kentucky Geological Survey using the VAX/VMS Operating System (VAX/750) for our data processing needs.

We are developing a well history that can be utilized daily. At present, there are approximately 37,000 wells stored on-line for which we have data relative to the permit, operator, well location, pertinent dates and well completion.

On a trial basis, one field inspector can access our system through a remote terminal. He can obtain information instantly concerning the status of wells, filing of records, etc. In addition, he can inform our Division Personnel immediately of reports and other information pertinent to drilling activity throughout the state.

The Oil and Gas Division presently has 12 field inspectors, 2 field supervisors, and 12 employees in its administrative staff.

DIVISION PROCEDURES

The Division revised the permit application form in order to obtain a more complete record of each well location and facilitate the issuance of drilling permits.

Available to the public is a weekly publication of permits issued identifying the permit number, operator name, farm name, county, carter coordinates, and target formation. This publication may be obtained by an annual subscription of twelve (12) dollars. We are, however, unable to furnish back issues of the publication.

SPECIAL ORDERS

There were two (2) special field orders issued in an attempt to prevent or avert serious safety and environmental problems in Barren County in January and in Clay County in December. Both of the orders are described below.

SPECIAL FIELD ORDER TO PREVENT POTENTIAL BLOW-OUTS OF OIL AND GAS WELLS IN BARREN COUNTY, KENTUCKY.

All wells to be drilled within the following identified area after this date shall be equipped as stated hereafter until otherwise advised:

Park City Topo—Sections 1, 10, 11, 20 and 21 of G-42
Glasgow North Topo—Sections 4, 5, 6, 7, 8, 13, 14, 15, 16, 17, 18, 23, 24 and 25 of G-43
Glasgow South Topo—Sections 3, 4, 5, 6, 7, 8, 13, 14, 15, 16, 17, 18, 23, 24 and 25 of F-43
and
Sections 2, 3, 4, 5, 6, 7, 8 and 9 of F-43
Lucas Topo—Sections 1, 10, 11 and 20 of F-42

Casing of sufficient strength to withstand a minimum of 1000 psi shall be installed and cemented, from the surface of the ground to the base of the Osgood Shale before drilling into or below the Brassfield (Yellow Cap) formation. Blow-out prevention equipment of sufficient strength to withstand a minimum of 1000 psi shall be installed on the casing before drilling below the bottom of the installed casing.

Any failure to follow the requirements of this Order shall be considered as negligence of and a willful violation by the Operator and appropriate legal action shall be taken with respect thereto.

This the 9th day of January, 1985.

SPECIAL FIELD ORDER TO PREVENT POTENTIAL LEAKS AND BLOW-OUTS OF OIL AND GAS WELLS IN CLAY COUNTY

This Order is applicable to all existing wells and future wells drilled within the following areas:
Maulden Topo—Sections 20 and 21 of J-69
Oneida Topo—Sections 16, 17, 24 and 25 of J-70

The operator shall, within one week from the date of this Order, submit to the Department of Mines and Minerals, Division of Oil and Gas, the cementing tickets of all casing strings for existing wells verifying that an adequate amount of cement was used to circulate the annulus of casing and well bore. If cement tickets are not available, the operator shall submit, within one week from the above referenced date, a wire line survey which verifies the amount of cement behind the casing. If the Director of the Division of Oil and Gas finds either the cement tickets or logs inadequate, the well casing shall be perforated and squeezed under supervision of Departmental Personnel. After the cement tickets and/or logs are approved by the Department of Mines and Minerals, a longstring of casing shall be installed in all exisiting and proposed wells to a depth immediately above the production interval, unless a longstring is already in place satisfying the above cementing requirements. All newly installed strings of casing shall have cement circulated in the annular space outside said casing of a sufficient vulume, using approved engineering methods, to assure the return of the cement to the surface. Nothing less than 125% of the calculated volume will be considered a sufficient volume. Prior to drilling more than thirty feet below any cemented string of casing, a pressure test shall be conducted to insure the integrity of the casing. The test shall be conducted at a pressure of at least 1500 psi with no leak off for a fifteen minute period. A copy of the test chart shall be provided to Department of Mines and Minerals with the completion report for the well.

All casing to be installed, shall have been tested to meet or exceed the following specifications:

Casing Size	**Lb/Ft**	**Hydrostatic Internal Bursting Pressure Test**	**External Collapse Pressure**
4½″ OD	9.5	3600 psi	2650 psi
5½″ OD	14.0	3900 psi	3125 psi
7″ OD	17.0	2100 psi	1420 psi

An affidavit certifying the test parameters shall be provided to the operator by the supplier, and the operator shall certify to the Department of Mines and Minerals that the same tested casing was installed in the identified well.

Blow-out prevention equipment of sufficient strength to withstand a minimum of 2000 psi shall be installed on the casing prior to drilling below said casing.

Any failure to follow the requirements of this Order shall be considered as negligence of and a willful violation by the Operator, his Contractor and/or Agents; and appropriate legal action shall be taken with respect thereto forthwith.

This the 19th day of December, 1985.

REGULATIONS

Title 805 KAR 1:030 which concerns the well location plat, preparation, form and contents was revised and became effective July 9, 1985. The revision is described below.

PUBLIC PROTECTION AND REGULATION
DEPARTMENT OF MINES AND MINERALS
Division of Oil and Gas

805 KAR 1:030. Well location plat, preparation, form and contents.

RELATES TO: KRS 353.550, 353.590

PURSUANT TO: KRS 13A.100, 353.550, 353.560

NECESSITY AND FUNCTION: This regulation is intended to assure compliance with KRS 353.550 and 353.560 in establishing requirements for uniformity and clarity in well locations and identity.

Section 1. This regulation applies only to the oil- and gas-producing industry and applies neither to transmission and/or distribution systems nor to product storage facilities.

Section 2. Location plats for wells proposed to be drilled pursuant to the provisions of KRS Chapter 353 shall be prepared and certified as accurate and correct by a licensed Kentucky land surveyor, provided that when the location of that well is known to be underlain by coal bearing stratum, such plat shall be prepared by a licensed land surveyor and certified by an engineer registered in Kentucky. If any plat submitted by an applicant is determined by the department to be materially inaccurate or incomplete, the department may require that a new plat be prepared and submitted.

Section 3. No person shall drill a well for oil or gas within 150 feet of any building, unless a waiver of objection to such drilling is secured in the manner established below, or unless the department, after notice and hearing, determines that the drilling and production of the well is not violative of the public policy set out in KRS 353.500. The surveyor preparing the plat for a permit shall indicate the location of a proposed well site relative to all buildings within 150 feet of said well site. If an owner of a building located within 150 feet of a proposed well site waives objection to a well's being located closer than 150 feet to such building, a copy of the executed agreement of waiver shall accompany the application for permit.

Section 4. A separate location plat shall be submitted with each application to drill, deepen or reopen a well.

Section 5. Location plats for wells proposed to be drilled pursuant to the provisions of KRS Chapter 353 shall be prepared in the following manner:

(1) All plats shall be clearly legible and submitted on a sheet eight and one-half (8½) by fourteen (14) inches. This sheet may be bond paper, tracing cloth, tracing paper or equivalent.

(2) The location of the proposed well shall be shown relative to the two (2) nearest boundaries of oil and gas ownership (including any subdivision of the lease). Such plats shall also indicate all producing wells and permitted well sites within 1,000 feet of the proposed well site. The distances shall be clearly shown in feet.

(3) The location of the proposed well shall be shown on the plat, by bearing and distance, relative to two (2) permanent points/monuments that appear on the applicable USGS 7½′ Topographic Quadrangle Map, which permanent points/monuments include, though are not limited to road intersections, bench marks and buildings. A photocopy of a portion of such topographic quadrangle map showing the proposed well site shall be acceptable in lieu of identifying such points/monuments on the plat.

(4) The location of the well site shall be prepared with reference to either the Carter coordinate system, latitude and longitude, or the Kentucky coordinate system.

(5) The elevation of the well site shall be determined by instrument and calculation. Estimated topographic elevations shall not be acceptable.

(6) The plat shall be prepared to a scale of one (1) inch equals 100, 200, 300, 400, 500 or 600 feet.

Section 6. In addition to the data required in Section 5 of this regulation, location plats shall include the following information:

(1) Operator.
(2) Farm or lease name.
(3) Well number.
(4) County.
(5) Scale at which the plat is drawn.
(6) North direction.
(7) Legend:
  ○ —proposed well site
  ● —oil well
  ☼ —gas well
  ◎ —injection well
  ⌖ --plugged well
  ø —abandoned well, not plugged
(8) Date of preparation of plat.
(9) Name of the topographic quadrangle map on which the well site may be located.
(10) Owners, lessors and lessees of oil and gas on tracts which are offset by the proposed well.
(11) Certification in the following form: "I hereby certify that the above plat is accurate and correct and satisfies the requirements of 805 KAR 1:030 to the best of my knowledge and belief."
(12) Certification shall be followed by the written signature of the person preparing said plat, his/her mailing address, registration number, and telephone number.

Effective July 9, 1985.

LEGISLATION

The Division submitted three (3) significant pieces of proposed legislation for introduction into the 1986 Legislative Session. A summary of these proposals is provided below.

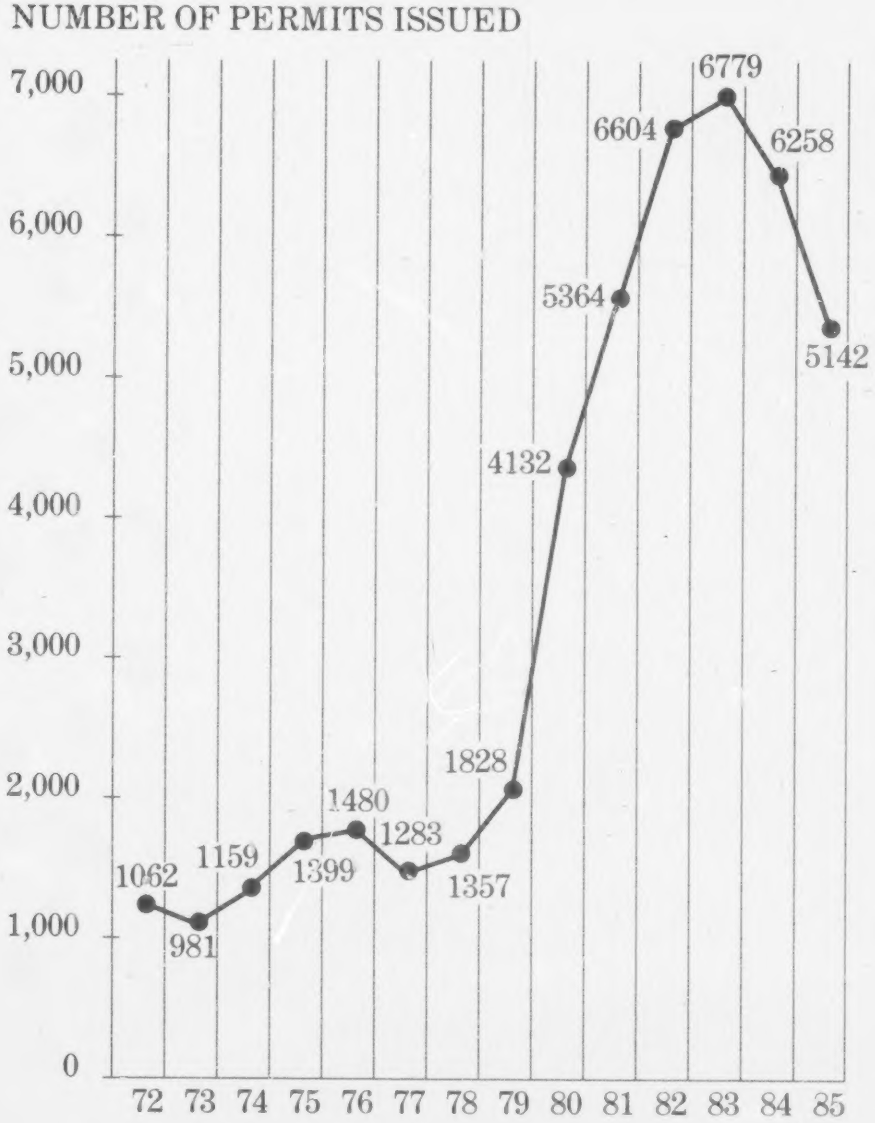
SB-22; Amend KRS 353.630, relating to the pooling of oil or gas interests on separate tracts of land, to clarify language making such production attributable to tracts included in the pooled acreage in proportion to the ratio which such area bears to the total acreage.

SB-48; Amend KRS 353.652, relating to oil and gas and to make specific reference to deep wells in provisions concerning the unit operation of a pool.

SB-299; Create a new section of KRS Chapter 353 regarding the construction, maintenance and abandonment of Class II, prohibiting underground injection through such wells, except as authorized by regulations or permit. This bill is an essential element in an effort by the Commonwealth to gain primacy over injection wells.

PERMITTING

The top four (4) counties receiving the most permits in 1985 are in descending order as follows: Barren, Warren, Cumberland and Clinton. These counties accounted for 37% of the permits issued and are the same counties that contributed only 9% of the total oil production of the year. This disproportion of permits to production indicates a continued high level of activity in certain areas of the state.



OIL AND GAS DIVISION PERMITTING ACTIVITY

1985 CONSERVATION ACTIVITIES

–GENERAL–

A Statistical summary of the oil and gas activities in Kentucky are as follows:

New Permits Issued (does not include Strat tests)	5,139
Oil Wells Completed	1,850
Gas Wells Completed	503
Misc. Service Wells Completed	123
Combination Oil and Gas	19
Dry Holes Completed	1,638
Oil Wells Reported Plugged	391
Gas Wells Reported Plugged	16
Combination Oil and Gas Wells Plugged	2
Misc. Service Wells Plugged	27

STATUS OF KENTUCKY OIL AND GAS WELLS (12-31-85)

	Oil	Gas	Comb.	Service 5-15-84	Total
Total Producing Wells on 12/31/85	19,334	8,798	283	5,391	33,806
New Wells Added in 1985	1,850	503	19	123	2,495
Less Wells Plugged in 1985	– 391	– 16	– 2	– 27	– 436
New Totals—12-31-85	20,793	9,285	300	5,487	35,865
